

Pocket LOOX C550

Mobility is obvious

Issue May 2007

Pages 2

The Pocket LOOX C550 is the new compact handheld from Fujitsu Siemens Computers. Its specially designed cabinet is small, light and stylish and fits in every pocket.

Its brilliant VGA display enables convenient working on every location - indoor and outdoor. Outstanding security features like persistent store and secure device management protect your data everywhere.

The smart worker will enjoy the outstanding connectivity of the Pocket LOOX - WLAN, IrDA and Bluetooth. Never miss any appointment again, manage your contacts, send and receive e-mails, and get connected with your office data while on the move.

Mobility

Reliability
