

Pokini Tab A10C

QCS 6490, 128GB, 8GB, FPS, Android 13 GMS

everything is possible

The A10C is the logical further development of the A10B. It combines a durable, robust and elegantly slim design with the latest Intel N100 processor, which stands for high energy efficiency and performance. The A10C is ideal for multi-channel solutions and industrial applications of all kinds. Thanks to the energy-saving components, it offers a long battery life with a fully-fledged Windows operating system. The bright, high-resolution display ensures optimum presentation of your content, both indoors and outdoors. With the selected accessories and the specially developed BackCoverExtensions (BCE), you can customize the A10C to your individual needs. The accessories are upward and downward compatible, so you always stay at the cutting edge of technology. The A10C is also shockproof, waterproof and dustproof (IP65) and can withstand drops from a height of 1.2m. It is therefore ideally equipped for use in harsh environmental conditions. The A10C is the perfect solution platform for the construction, retail, logistics, production and education sectors.

Highlights

- + Extensive range of accessories
- + Solutions with back cover extensions
- + SOTI MDM Certified
- + Google Mobil Services
- + available until 2029

Pokini Tab A10C

QCS 6490, 128GB, 8GB, FPS, Android 13 GMS
