

Pokini Tab SR10

N200, W11 IoT

Lightweight and robust - your professional tablet

The Pokini Tab SR10 is a rugged 10.1-inch tablet specially designed for use in demanding environments. With its slim design and a weight of only 990 g, it offers high mobility and durability. It meets the MIL-STD-810G standard and is IP65 certified, making it ideal for use in retail, warehouse and hospitality environments. Equipped with the latest Wi-Fi 6 technology, it ensures fast and reliable connectivity. In addition, it supports a digitizer pen for precise writing and note-taking. The SR10 is the perfect solution for professional applications that require mobility and robustness.
