

Pokini Tab G10B

16GB, 512GB, SC, BC, W11 Pro

Full control during operation

The rugged Pokini Tab G10B is perfect for mobile use of complex enterprise software under the toughest working conditions. Thanks to its functional and robust design, poor environmental conditions cannot harm the device. The Windows-based devices are equipped with a variety of useful functions for image and data capture and allow the mobile use of common software solutions. Thus, like all Pokini Tablet PCs, they increase the efficiency and safety of employees and facilitate real-time communication. The risk of errors in data acquisition and workloads are noticeably reduced.
